IAEA INFORMATION CIRCULAR (INFCIRC) 908: Mitigating Insider Threats

WHAT?

At the 2016 IAEA International Conference on Nuclear Security: Commitments and Actions, the United States issued IAEA Information Circular, **INFCIRC/908**, “Joint Statement on Mitigating Insider Threats,” which is open for all Member States to subscribe to the goals and commitments as described.

INFCIRC/908 consists of two major focus areas: 1) Commitment to support the IAEA to develop and implement an advanced, practitioner-level training course on insider threat mitigation, and 2) Implementation of measures to mitigate insider risk by taking a risk-informed graded approach

More details about and the latest information on INFCIRC/908 can be found at www.insiderthreatmitigation.org

IAEA Information Circulars are published by the IAEA to bring matters of general interest to the attention of its Member States. Commitments and subscriptions to INFCIRCS are coordinated by the sponsoring Member State. INFCIRCS are not legally binding.
